Mother/Daughter Questionnaire

GROWING AND CHANGING

There are important changes to a girl's body that can happen even as early as 6. At this time in life we have some questions we need to ask and which we would appreciate hearing about.

This questionnaire can be filled in by either mother or daughter. As always, if you don't want to answer a question, put a line through it.

Your answers will of course be kept in confidence and not attached to your name.

THANK YOU VERY MUCH FOR YOUR HELP

31.8.99

SECTION A: PERIODS AND PROBLEMS

A1. What is your daughter's height (without shoes)?

The best way to measure **height** is to ask your daughter to stand barefoot as straight as possible against a wall, to make a mark on the wall at the highest point on the child's head, and to measure the distance from the mark on the floor.

feet	inches	OR	metres	centimetres
<input style="width: 40px; height: 30px;" type="text"/>	<input style="width: 40px; height: 30px;" type="text"/> <input style="width: 40px; height: 30px;" type="text"/>		<input style="width: 40px; height: 30px;" type="text"/>	<input style="width: 40px; height: 30px;" type="text"/> <input style="width: 40px; height: 30px;" type="text"/>

A2. What is your daughter's weight (without shoes)?

Please fill in using kilos or stones.

stones	pounds	OR	kilos
<input style="width: 40px; height: 30px;" type="text"/>	<input style="width: 40px; height: 30px;" type="text"/> <input style="width: 40px; height: 30px;" type="text"/>		<input style="width: 40px; height: 30px;" type="text"/> <input style="width: 40px; height: 30px;" type="text"/>

A3. In the past month, what was the average number of times that your daughter participated in **vigorous** physical activity (such as running, dance, gymnastics, netball, swimming or aerobics)?

none	<input style="width: 40px; height: 30px;" type="text"/>
less than once a week	<input style="width: 40px; height: 30px;" type="text"/>
1-3 times a week	<input style="width: 40px; height: 30px;" type="text"/>
4-6 times a week	<input style="width: 40px; height: 30px;" type="text"/>
daily	<input style="width: 40px; height: 30px;" type="text"/>

A4. Has your daughter started her menstrual periods yet?

<input style="width: 40px; height: 30px;" type="text"/>	yes	<input style="width: 40px; height: 30px;" type="text"/>	no → If <u>no</u>, please go to A10 on page 4
---	-----	---	--

If yes,

a) How **old** was your daughter when she had her first period?

<input style="width: 40px; height: 30px;" type="text"/>	years old
---	-----------

A5. When was her first period ?

month	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	year	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>
--------------	--	--	-------------	--	--	--	--

A6. a) In the **past year**, how many **days of bleeding** has your daughter usually had during each of her periods?

<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	days	don't know	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="99"/>
--	--	------	------------	---

b) If you **don't know**, is it probably:

3 days or less	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="1"/>
4-6 days	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="2"/>
7 days or more	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="3"/>

A7. In the past year, what was the **usual length** of your daughter's menstrual cycle? In other words, how many days were there from the **first day of one period to the first day of the next period**?

<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text"/>	days	don't know	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="99"/>
--	--	------	------------	---

A8. Has your daughter **ever** had any of the following **symptoms** associated with **her period**?

a) Heavy or prolonged **bleeding**?

Yes	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="1"/>	No	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="2"/>	→ If no , go to A8b on page 4
-----	--	----	--	--------------------------------------

↓

If yes,

(i) Did you contact her doctor for this?

Yes	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="1"/>	No	<input style="width: 30px; height: 20px; border: 1px solid black;" type="text" value="2"/>
-----	--	----	--

A8. b) Severe **cramps** with her period?

Yes ₁ No ₂

↓
If yes,

i) Did you contact her doctor for this?

Yes ₁ No ₂

c) Period-type pains or pain in her **pelvic** area (lower part of the tummy) for most days of the month even when she is not bleeding?

Yes ₁ No ₂

↓
If yes,

i) Did you contact her doctor for this?

Yes ₁ No ₂

Sometimes, if girls have problems with their periods e.g. heavy bleeding, irregular bleeding or cramps, their G.P. may prescribe the oral contraceptive pill (which can be called 'hormones' or 'oestrogen pills') to help.

A9. Has your daughter taken oral contraceptives or birth control pills, for any reason during the past 12 months?

Yes ₁ No ₂

A10. a) Has a doctor ever told your daughter that she had a **thyroid problem** or asked her to take thyroid medicine or treatment?

Yes ₁ No ₂

↓
If yes,

b) What kind of thyroid problem did the doctor say she had?

.....
.....

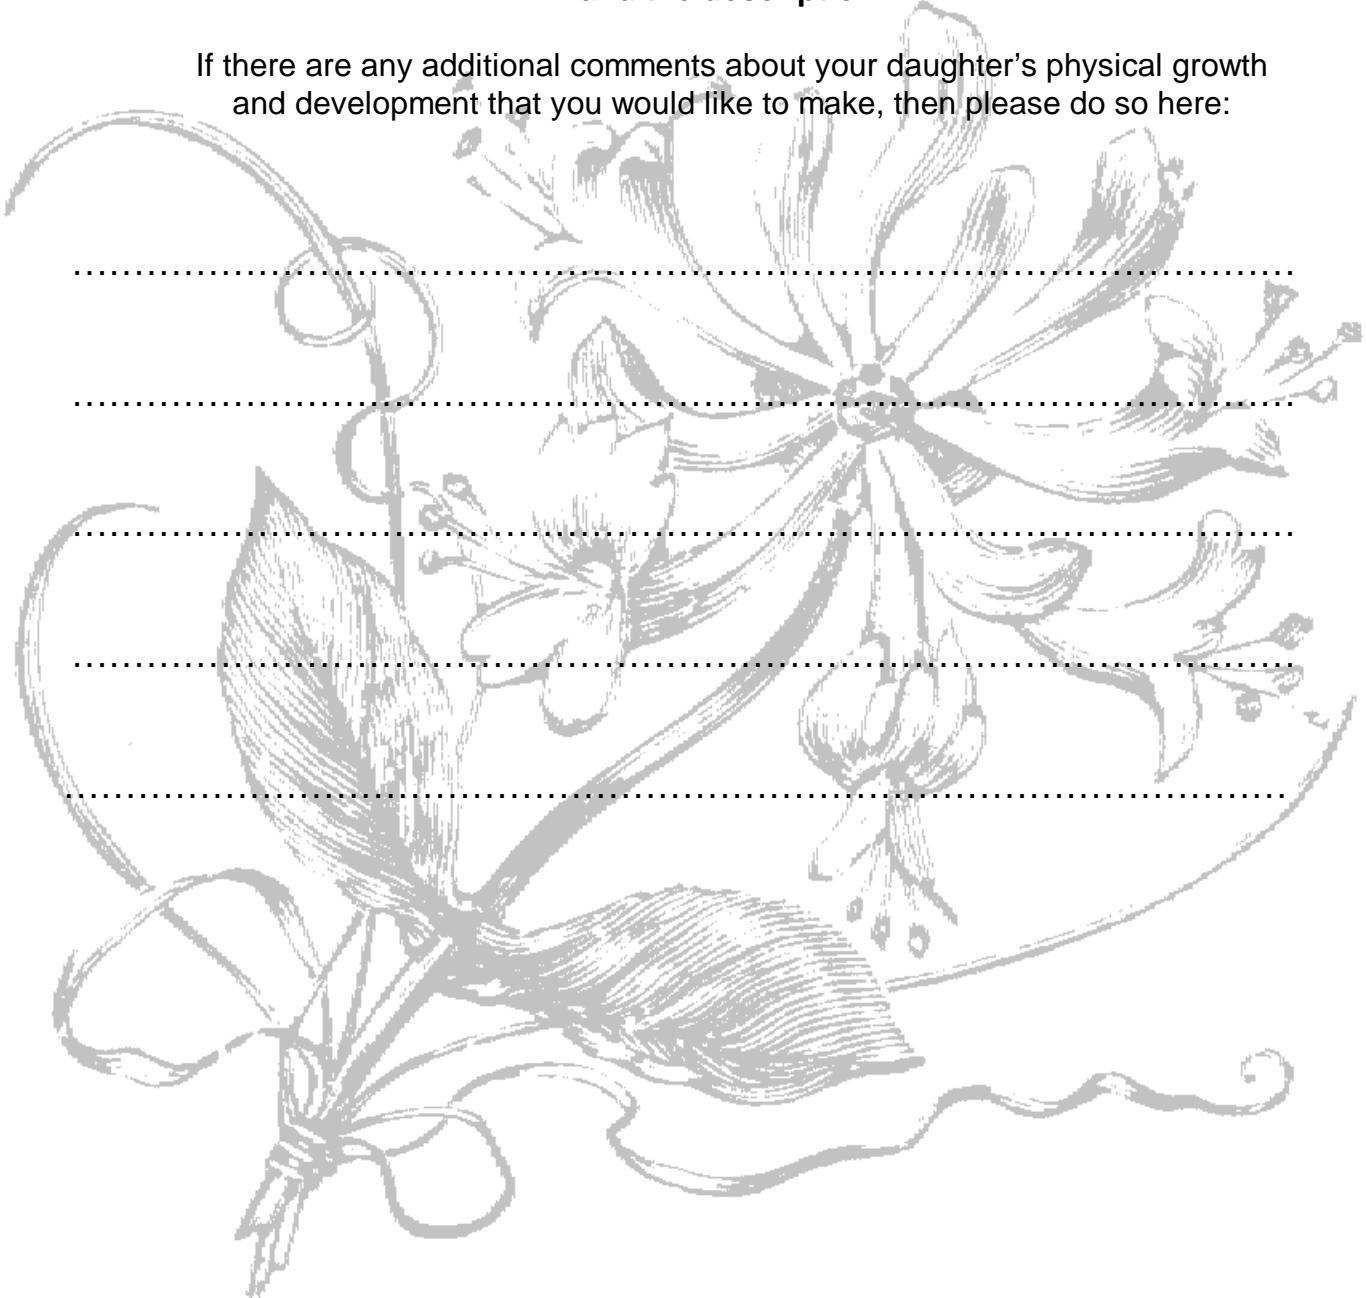

PHYSICAL DEVELOPMENT

We would like to assess the stage of your daughter's physical development using the drawings on the next pages. These indicate various stages of puberty commonly used by doctors to assess the growth and development of girls.

We need to know which drawings most closely match your daughter's stage of development at the moment.

Not all children follow the same pattern of development.
Just pick the stage that is closest, based on both the picture and the description.

If there are any additional comments about your daughter's physical growth and development that you would like to make, then please do so here:

SECTION C

The drawings below show different amounts of **female pubic hair**. A girl can go through each of the five stages shown. Please look at each of the drawings. It is also important to read the descriptions.

Put a tick in the box to the right of the drawing that is the **closest** to the amount of pubic hair your daughter has.

There is no pubic hair

There is a little long, lightly coloured hair. This may be straight or a little curly

The hair is darker in this stage. It is coarser and more curled. It has spread out and thinly covers a bigger area

The hair is now as dark, curly and coarse as that of an adult woman. However, the area that the hair covers is not as large as that of an adult woman. The hair has not spread out to the legs

The hair is now like an adult woman. It also covers the same area as that of an adult woman. The hair usually forms a triangular pattern as it spreads out to the legs

Not sure

NOTE: Your daughter's pubic hair stage may or may not be the same as her stage of breast development

SECTION B

The drawings below show stages of the way the **breasts** develop. A girl can go through each of the five stages shown, although some girls skip some stages. Please look at each of the drawings. It is also important to read the descriptions.

Put a tick in the box to the right of the drawing that is **closest** to your daughter's current breast stage.

 1

The nipple is raised a little in this stage. The rest of the breast is still flat

 2

This is the breast bud stage. In this stage the nipple is raised more than in stage 1. The breast is a small mound. The dark area around the nipple (areola) is larger than in stage 1

 3

The areola and the breast are both larger than in stage 2. The areola does not stick out away from the breast

 4

The areola and the nipple make up a mound that sticks up above the shape of the breast (Note: This stage may not happen at all for some girls. Some girls develop from stage 3 to stage 5 with no stage 4)

 5

This is the mature adult stage. The breasts are fully developed. Only the nipple sticks out in this stage. The areola has moved back in the general shape of the breast

 6

Not sure

SECTION D

D1. This questionnaire was completed by : (tick all that apply)

a) mother

b) daughter

c) other (please tick and describe)

.....

D2. Please give the date on which you completed this questionnaire:

date

month

year

D3. Please give the date of birth of your daughter:

date

month

year

199

THANK YOU VERY MUCH FOR YOUR HELP

Space for any additional comments you would like to make

Please remember we cannot reply to any comment unless you sign it

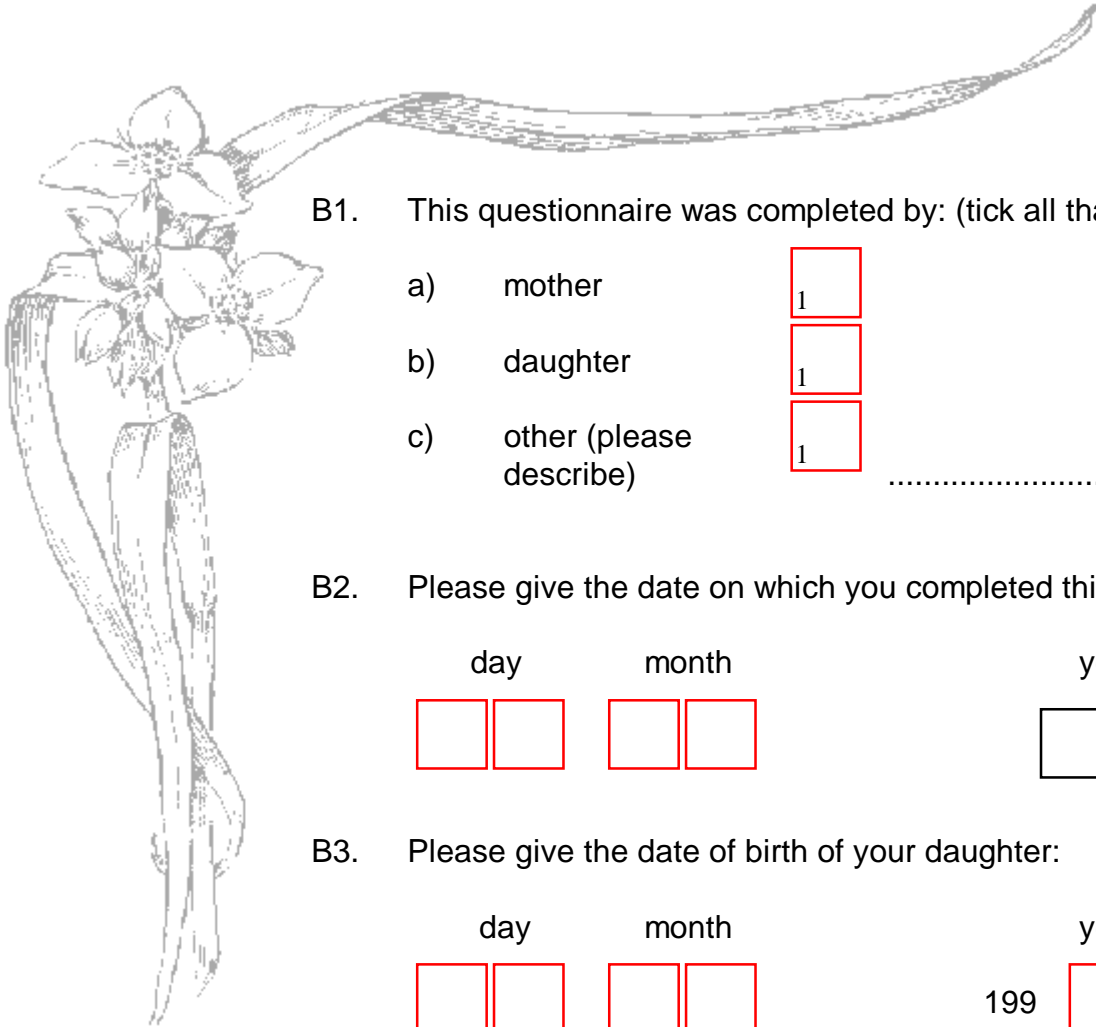

When completed, please return the questionnaire to:

**Professor Jean Golding
Children of the 90s - ALSPAC
Institute of Child Health
24 Tyndall Avenue
Bristol
BS8 1BR**

**Tel: Bristol 9285096 or 9285611
(for this questionnaire only)**
